**Keegan has been guiding in Alaska for 15 years and was raised in SE Alaska. He has guided over 100 successful hunts and when not actively guiding runs commercial fishing or other charter vessels in SE Alaska. You will find few guides who live and work as actively as Keegan in the areas he will share with you. This is not a hobby, it's a profession and a passion for Keegan. Keegan takes pride in running one of Alaska's finest hunting vessels, as well as working hard to find you the best trophy possible.**

**Keegan is an active member of SCI, DSC, B&C and the Alaska Professional Hunters Association. When not guiding he is probably out hunting for himself somewhere around the world.**

# Coastal Brown Bear Hunts

Offering first class brown bear hunts in multiple trophy areas of SE Alaska.

Join us for a 10-Day Brown Bear Hunt Aboard Alaska's Premier Hunting Yacht.

- Highest Density of Brown Bears in the World
- First class accommodations aboard Alaska's Finest Yacht
- High Success Rate
- Harvesting 8'6" to 9'6" Bears
- Archery Hunters Welcome
- Small Personalized Hunts Available

Have you dreamed of hunting Alaska's Coastal Giants aboard an exclusive hunting Yacht? Look no further, we offer the finest brown bear hunts in southeast Alaska, with opportunity for a small personalized hunt. Many big yachts take four or more clients at a time, we have brown bear hunts available with as few as two hunters aboard our 70 foot yacht. You will be fully catered to and receive the personal attention you deserve while hunting the trophy of a lifetime.

We guarantee to work harder than anyone else to insure you a successful hunt!

# SCI Coastal Island Black Bear Hunts

Your number one opportunity to harvest a world class bruin! Rifle and archery hunters can both be successful.

Our black bear area is second to none, with many record book bears taken every year. We run a very small operation, we usually take two to four hunters per trip, but can easily accommodate larger groups if they want to come together. This allows us to focus on each client individually. It also ensures that our areas maintain a healthy population.

Our overall success rate is just over 80% on our spring hunts. It is very rare that a client does not go home with a great bear, typically those who do not are due to hunters choice or weather considerations. Most all of our bears square well over 7 foot, and it is not uncommon to break the 7'6" mark. We usually harvest two or three color phase bears a season, rare for most coastal bear hunts.

Our high bear populations, combined with our method of hunting (spot and stalk boat hunts) is an excellent combination for harvesting trophy bears. We work hard to ensure all of our clients go home happy, while working to maintain respect and stewardship of our bear populations. All of our hunts are truly fair chase.

# Sitka Black Tail Deer & Sea Duck

We are now offering first class fully guided hunts for one of North America's most beautiful trophies. We have been hunting these deer for over 25 years and will share our extensive experience with you on this affordable Alaska adventure.

- Hunt during the peak of the rut
- 2 deer per hunter, add more for additional trophy fee
- High Success with exceptional trophies
- First Class accommodations in the heart of deer country
- Waterfowl hunting included on all deer hunts

During the peak of the Sitka Black Tail Deer hunting season the sea ducks are moving through in full color. It is not uncommon to harvest a mixed bag of Harlequin, Scooters (White wing and Surf), Golden Eye (Common and Barrows), Old Squaw, Bufflehead, Common and Red Breasted Merganser along with a host of other sea duck and puddle ducks. These beautiful ducks are a fantastic compliment to any trophy room and provide for an exciting wing shooting adventure.
